

EZ NORM  
**AUDIO PATCHBAY**  
WITH EDAC TERMINATION

**Switchcraft**<sup>®</sup>  
**CONXALL**<sup>®</sup>

HARSH ENVIRONMENT CONNECTIVITY SOLUTIONS

## NEW DESIGN!

Switchcraft patch panels are the industry leader because of unmatched quality and useful features like Switchcraft's EZ-Norm technology which allows the normalling to be easily adjusted from the front of the panel. This new design features either male or female 56-pin EDAC connectors along with a smaller, lighter and more cost effective design, ideal for mobile applications.

**EZ-NORM TECHNOLOGY**

Easily adjust each channel between Full Normal, Half Normal, or Non-Normal

**LIGHTWEIGHT DESIGN**

The short panel depth saves space and greatly reduces overall weight

**MADE IN USA**

Made in the Switchcraft factory in Chicago using premium quality materials
