RAPC322X

SWITCHCRAFT'S IEC 320 INLETS are developed as a low power interconnect used in a variety of applications. The RAPC322X is molded from 94-VO rated material, is UL recognized, and meets CSA approval. It is rated for 2.5A at 250V. Applications include computers, medical devices, and data communications products.

**VOLTAGE RATING
OF 250V**

The IEC 320 Inlets are built with a voltage rating of 250V

**UL AND CSA
CERTIFIED**

UL recognition, CSA approval and RoHS certified for high quality safety standards

**SWITCHCRAFT®
QUALITY**

Switchcraft's quality has been trusted in critical applications for over 75 years
